## Hybrid Wood Protector

The ultimate allrounder for all your exterior wood

Hybrid Wood Protector is a genuine 'monocoat', suitable for colouring and protecting almost all exterior wood in 1 single layer. The easy application and maintenance makes this oil an exceptionally user-friendly product.

### REMARK

The pigment in the various Hybrid Wood Protector colours contributes to the protection of the wood from greying. **ATTENTION** The colour PURE is not pigmented, which will cause the natural greying to occur in exterior environments. • To further intensify the coloring, Hybrid Wood Protector can be combined with an optional pre-treatment with Sunprimer HWP.

Samples shown on pine. The colours shown are for reference only and are not binding. Consult the technical data sheet before using our products.
